Mayor Ned Mannoun

MAYOR OF LIVERPOOL

Experienced Leadership. Working For You.

Dear Fellow Resident,

Just over 2 years ago, you hired me to work for you as your Mayor and make Liverpool reach its full potential.

From day one, my team and I have been working overtime for you to deliver the plan that you chose, that benefits the whole community and makes sure you get the best Liverpool. For you to get the Liverpool you deserve, it all starts with managing the Council budget properly.

Using my experience as Mayor and running a training business, my team and I have been able to turn around the Council budget from an \$11m deficit to a \$2m surplus over the last two years.

Because of this we as a community are in a stronger position than when we started and council can deliver better services, amenities, and infrastructure for you to enjoy. This is not an easy task, especially with the tough financial conditions we are all currently facing.

This also means that tough decisions need to be made. Principles are vital in leadership and I will never back down on fighting for you and doing what's right for our community, despite criticism.

We have been working hard on delivering the plan we put to you and that you chose, including upgrading our roads, building new community facilities such as new swimming pools and parks, and making Liverpool a better place to live for all of us.

I am asking you for the opportunity to continue delivering on that plan and finish what I started.

While we have had some great wins, even receiving an award for Excellence in Local Government from the NSW Government a few months ago, there is still more to do and we need more time to get Council to where we need it to be.

The last Mayor had an extended term of over 5 years because the previous election was delayed due to COVID-19. This resulted in a shorter term for us, which is why we're having another election so soon.

Now the choice is yours – keep on this path by bringing me back as Mayor and continue with the job we started or take a gamble with someone who hasn't presented their plans or experience to you.

Kind Regards,

Ned Mannoun
Mayor of Liverpool
